

SCHOOL VISIT- ISTP 2022

Valencia, 11TH May 2022 (PRE-SUMMIT)

ECEC: PRÍNCIPE VALIENTE

Príncipe Valiente School, (Early Childhood Education and Care ages 0-3) located in Manises, near the capital city of Valencia, is a reference school in terms of ECEC in the community. The main focus of their educational project is centered on the use of different spaces, individualized attention and emotional support. This school is also very active in transferring their experience through their participation in in-service teacher training programs and Erasmus+ projects.

ECEC-PRIMARY EDUCATION: CEIP PINEDO

This school is located in a small village near the city of Valencia. Its educational project is laden with a deeply-rooted local sentiment and ecological sensitivity due to its proximity to the coastline, and is characterized by inclusion and its active methodologies, all of which come together to foster a dynamic school with an open-plan architecture that prioritizes mobility and flow with the surroundings.

Location: <https://goo.gl/maps/VKUMNcMHxM78v5kY8>

ECEC-PRIMARY EDUCATION: CEIP LES ARTS

This school (ECEC and Primary Education) gather an at-risk population group with a high rate of social exclusion, leading to a project that is a veritable commitment to inclusion and equality. The CEIP Les Arts and the Valencian Centre for Teacher Training, Innovation and Resources (CEFIRE) are currently involved in a process of joint transformation that includes a renewed educational project, thanks to the addition of major methodological innovations aimed at addressing diversity.

SECONDARY EDUCATION: IES EL CABANYAL

This school includes Secondary Education (ages 12-16) and Bachillerato Education (ages 16-18) along with Vocational Education and Training (VET) for Transport and Motor Vehicles, Cosmetology, Electronics and Electricity, as well as Installation and Maintenance. It is one of the city's historical schools, dating back to 1972, and has since adapted itself to the social and educational changes that have taken place. Its facilities include fully-updated equipment that is perfectly suited to the different subjects taught in each classroom.

SECONDARY EDUCATION: IES DISTRICTE MARÍTIM

The varied education and training on offer at the IES Districte Marítim covers the most diverse facets of knowledge. Science, Humanities, Technology, Arts, Physical and sports training and language teaching are all included in the secondary, High School, multilingual, VET and Advanced Educational courses, all with the aim of offering quality teaching and comprehensive training to students. Located in a neighborhood of the same name near the shores of the Mediterranean Sea, this school has a pro-European spirit and yet continues to be deeply-rooted in its local social context. IES Districte Marítim strives to offer academic and human training to young people who will be capable of facing the future challenges of a free and democratic society in constant transformation.

TEACHER TRAINING CENTRE FOR IN-SERVICE TEACHERS : CEFIRE

CEFIRE- CENTRE FOR TEACHER TRAINING, INNOVATION AND RESOURCES WITHIN THE REGION OF VALENCIA

CEFIREs specialized in: STEM, INCLUSION AND VET

The specific training, innovation and resource centers for teachers are characterized by their dedication to the coordination, development and implementation of training options in their different fields of reference. Currently, 4 of these centers are located in the city of Valencia, and a visit to the building that houses 3 of them has been proposed, including the newly-installed Future Classroom Lab aimed at in-service teacher training.
